

# Beziehungen als Spalte in Tabellen

Zwar können in der Community Version bereits Beziehungen definiert und auch angezeigt werden, aber nur in den Bezahlversionen lassen sich diese auch in Tabellen als Spalten anzeigen.

The screenshot shows the OpenProject interface with a 'Work package table configuration' dialog box open. The dialog has tabs for 'COLUMNS', 'FILTERS', 'SORT BY', 'DISPLAY SETTINGS', 'HIGHLIGHTING', and 'GANTT CHART'. Under the 'COLUMNS' tab, a list of fields is shown, including ID, Project, Subject, Type, Status, Priority, Assignee, Category, Start date, Finish date, On the task, Budget, and Accountable. A search box is active with the text 'blo', and the results list 'blocked by relations' and 'blocks relations'. The background shows a table of work packages with columns for ID, PROJECT, SUBJECT, TYPE, STATUS, and PRIORITY.

## Work packages

ID	SUBJECT	BLOCKED BY	TYPE	STATUS	
91	New login page	2 ^	Feature	New	
94	SSL certificate expired	Bug	Bug	New	
95	Wrong redirects after login	Bug	Bug	New	
92	Improved website design	1 v	Feature	New	
93	Performance improvements		Feature	New	

Version #1
