

# Beziehungen als Spalte in Tabellen

Zwar können in der Community Version bereits Beziehungen definiert und auch angezeigt werden, aber nur in den Bezahlversionen lassen sich diese auch in Tabellen als Spalten anzeigen.

The screenshot shows the OpenProject interface with a modal dialog titled "Work package table configuration". The dialog has tabs for "COLUMNS", "FILTERS", "SORT BY", "DISPLAY SETTINGS", "HIGHLIGHTING", and "GANTT CHART". The "COLUMNS" tab is active, displaying a list of columns: ID, Project, Subject, Type, Status, Priority, Assignee, Category, Start date, Finish date, On the task, Budget, and Accountable. A search input field contains "blo", and a dropdown menu is open, showing "blocked by relations" and "blocks relations". The "Apply" and "Cancel" buttons are visible at the bottom right of the dialog. In the background, a table of work packages is visible with columns for ID, PROJECT, SUBJECT, TYPE, STATUS, and PRIORITY.
