

Design anpassen

Theme, Farben, Logo können angepasst werden.

<https://www.openproject.org/docs/system-admin-guide/design/>

The screenshot shows the OpenProject administration interface. The left sidebar contains a menu with items like Overview, Users & Permissions, Work packages, Custom fields, Enumerations, System settings, Email, Authentication, Announcement, Design (highlighted), Colors, Budgets, Backlogs, Billing, Plugins, Webhooks, and Information. The main content area is titled 'Design' and contains three sections: 'COLOR THEME', 'CUSTOM LOGO', and 'CUSTOM FAVICON'. Each section has a search button, a status message, and an upload button. A fourth section, 'CUSTOM TOUCH ICON', also has a search button, a status message, and an upload button. A fifth section, 'ADVANCED SETTINGS', is partially visible at the bottom. Numbered annotations (1-6) are placed over the interface: 1 points to the 'OpenProject' dropdown in the 'COLOR THEME' section; 2 points to the 'Durchsuchen...' button in the 'CUSTOM LOGO' section; 3 points to the 'Durchsuchen...' button in the 'CUSTOM FAVICON' section; 4 points to the 'Durchsuchen...' button in the 'CUSTOM TOUCH ICON' section; 5 points to the '+ Upload' button in the 'CUSTOM TOUCH ICON' section; 6 points to the 'ADVANCED SETTINGS' section header.

Save

CUSTOM LOGO

2 Durchsuchen... Keine Datei ausgewählt.

A white logo on transparent background is recommended. For best results on both, conventional and retina displays, make sure your image's dimensions are 460px by 60px.

+ Upload

CUSTOM FAVICON

3 Durchsuchen... Keine Datei ausgewählt.

This is the tiny icon that appears in your browser window/tab next to the page's title. It's needs to be a squared 32 by 32 pixels sized PNG image file with a transparent background.

+ Upload

CUSTOM TOUCH ICON

4 Durchsuchen... Keine Datei ausgewählt.

This is the icon that appears in your mobile or tablet when you place a bookmark on your homescreen. It's needs to be a squared 180 by 180 pixels sized PNG image file. Please make sure the image's background is not transparent otherwise it will look bad on iOS.
